Say a phrase with a text ingredient

This trigger fires when you say "Ok Google" to the Google Assistant followed by a phrase like "Post a tweet saying 'New high score.'" **Use the \$ symbol to specify where you'll say the text ingredient

What do you want to say?

Write down \$

Enter a \$ where you'll say the text ingredient

What's another way to say it?
(optional)

Take a note \$

Enter a \$ where you'll say the text ingredient

And another way? (optional)

Enter a \$ where you'll say the text ingredient

What do you want the Assistant to
say in response?

OK, wrote down \$

You can enter a \$ where you want to hear

You can enter a \$ where you want to hear the text ingredient in the response

Append to a document

This Action will append to a Google document as determined by the file name and folder path you specify. Once a file's size reaches 2MB a new file will be created.

Document name

Google Home notes

Will create a new file if one with this title doesn't exist

+ Ingredient

Content

TextField CreatedAt

some HTML ok

+ Ingredient
